Flovac Vacuum Sewerage
Systems
6/1/2012

FLOVAC International

- Over 33 years of experience in vacuum technology
- 267 systems world wide under Flovac's name
- 24 countries
- 11 currently under construction

Why vacuum?

- Efficient
- Cost effective
- Easy implementation on:
 - Sandy grounds
 - Rocky grounds
 - Marina/waterways
 - Flat mounting
- Environmentally sensitive
- Workplace safety

*Hope Island,
Queensland, Australia*

*British army camp,
United Kingdom*

Ingenio, Puerto Rico

Camp Bastion, Afghanistan

*VIP vacuum toilets at Le Mans Racetrack,
France*

*Bilad Seet,
Oman*

*Reef Island
Bahrain*

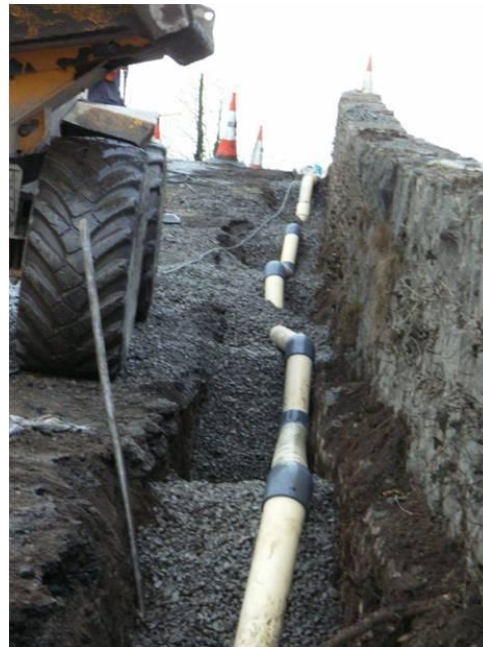

*Madinet Jumeirah
Resort, Dubai*

How does it work?

Installation

Applicable for mobile systems

The low cost, green future of sewerage
