

Adoption of Condominium Sludge Handling in Informal Settlements

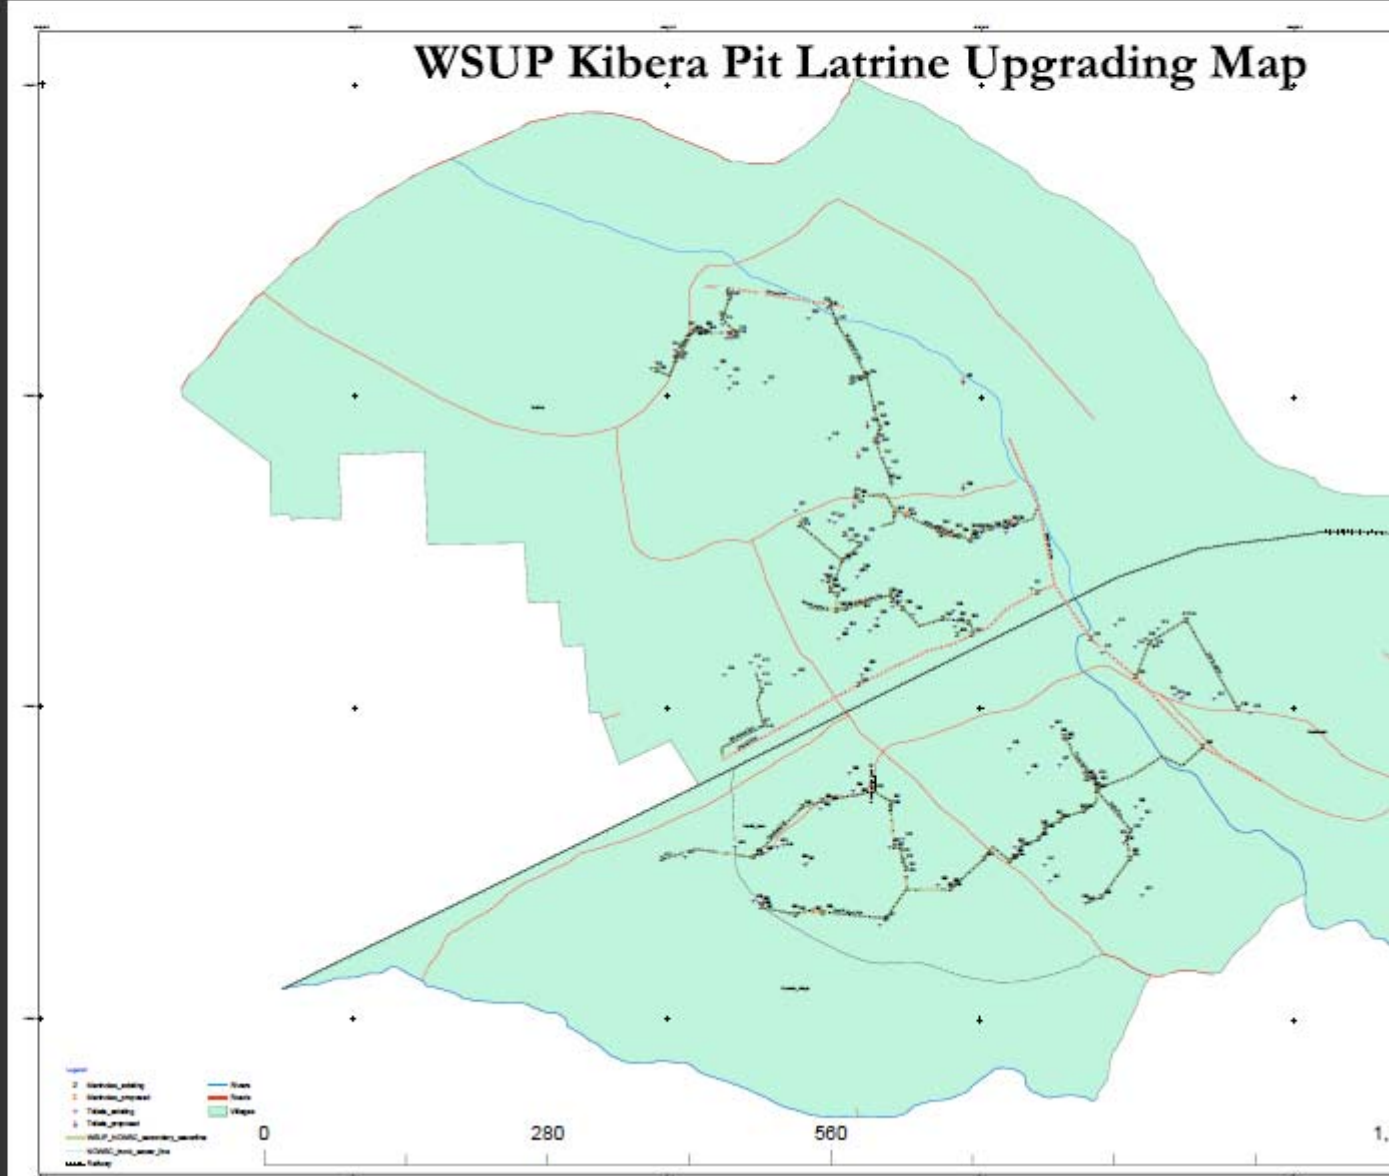

Gerald Maina
WSUP

Why in Informal Settlements ?

Unserved areas
Poor communities

WSUP Kibera Pit Latrine Upgrading Map

Promote upgrading of pit latrines to pour flush toilets with sewer connection.

- Demonstrates that Poor households can effectively benefit from sewer connectivity, with minimum subsidy.
- Support in mapping of plots and households within 100m corridor of the sewer line
- Providing technical support in latrines upgrade cost-estimation has been done
- Linkage of Landlords with pro-poor unit for processing of sewer connection

Promote upgrading of pit latrines to pour flush toilets with sewer connection in Kibera

Scaling up to other low income areas

Thank You
