

| <b>SanCoP26 Agenda</b> |   |
|------------------------|---|
| <b>Title</b>           | SanCoP26 / COP26: Sanitation & Climate Change |
| <b>Date &amp; Time</b> | Tuesday 19th October 2021, 10-1 BST           |
| <b>Venue</b>           | Online  |

| <b>Item</b>                                | <b>Duration (mins)</b> | <b>Time</b> | <b>Lead</b>                            | <b>Talk Title</b>   |
|--|------------------------|-------------|--|---|
| Introduction                               | 5                      | 10.00       | SanCoP                                 | Background & Synthesis  |
| <b>Theme 1: Climate Impacts, Hazards</b>   |                        |             |  |   |
| 1st Presenter                              | 5                      | 10:05       | Freya Mills                            | Climate resilient urban sanitation: hazards, impacts and responses in Indonesia             |
| 2nd Presenter                              | 5                      | 10:10       | Ruhil Iyer                             | Climate impacts on rural sanitation access and use  |
| 3rd Presenter                              | 5                      | 10:15       | Anisha Nijhawan & Guy Howard           | How Tough is WASH: Assessing Climate Resilience of On-site Sanitation                       |
| 4th Presenter                              | 5                      | 10:20       | Jay Meshvania                          | Climate-resilient urban sanitation: review of international donor funded projects in Africa |
| 5th Presenter                              | 5                      | 10:25       | Barbara Evans & Celia Way              | Climate, flooded latrines, and health hazards – data from East Africa                       |
| Q&A  | 20                     | 10:30       |  |   |
| BREAK                                      | 10                     | 10:50       |  |   |
| <b>Theme 2: Emissions &amp; Mitigation</b> |                        |             |  |   |
| 6th Presenter                              | 5-10                   | 11.00       | Barbara Evans & Cynthia Okoro Shekwaga | GHG emissions along the sanitation value chain – what do we know?                           |
| 7th Presenter                              | 5-10                   | 11.10       | Aasim Mansuri                          | Eco-Sensitive FSSM: A case of Wai and Sinnar in Maharashtra, India                          |
| Q&A  | 25                     | 11.20       |  |   |

|                                 |      |       |                |  |
|---------------------------------|------|-------|----------------|--|
| BREAK                           | 10   | 11.45 |                |  |
| <b>Theme 3: Climate Finance</b> |      |       |                |  |
| 8 <sup>th</sup> Presenter       | 5-10 | 12.00 | Nathalie Andre | Accessing global climate funding and Technical Assistance    |
| 9 <sup>th</sup> Presenter       | 5-10 | 12.10 | Hubert Jenny   | Paradigm Shifting Pathway in Sanitation                      |
| 10 <sup>th</sup> Presenter      | 5-10 | 12.20 | Nat Mason      | Following the money: tracking climate finance for sanitation |
| Moderated Discussion, Q&A       | 20   | 12.30 |                |  |
| Wrap-up                         | 5    | 12.40 | SanCoP         | AOB, upcoming events   |
