ACTION POINTS PRIOR TO REOPENING SCHOOLS

COVID-19 PREVENTION

A QUICK GUIDE FOR SCHOOL HEADS ON INFECTION PREVENTION AND CONTROL MEASURES

1. FORM COVID-19 SUBCOMMITTEE IN THE SCHOOLS. RESPONSIBILITIES ARE:

- > Ensure social distancing (maintain space)
- > Ensure school hygiene and sanitation
- > Survey cases in the schools
- > Report cases to the authorities
- > Ensure registration of all visitors

2. WEAR MASKS

- > All students and teachers should wear masks in the classrooms at all times
- > Re-usable masks should be washed daily
- > All visitors should wear masks and school should provide masks to visitors

3. MAINTAIN SPACE

- > Maximum 45 students in a class
- > Classes with more than 45 students should be divided into several streams
- > Use outdoor spaces for learning

4. HEALTH AND HYGIENE

- > Ensure handwashing with soap is done at the gate, before entering class, before and after eating, after latrine use
- > Soap and water should be provided at all times
- > No sharing of cups for drinking water – school should provide cups or children should bring their own

5. CLEAN COMPOUND

- > Ensure general cleanliness, all waste is collected and disposed daily
- > Daily cleaning of classrooms and desks with water and soap
- > Classrooms should be aired throughout the day

6. REPORT CASES

- > Isolate suspected cases in a separate room
- > Inform parents
- > Inform county education officials
- > Call the Covid-19 hotline of the MoH – 6666
