Collaboration on SaniHub AI Tool

Background - Sanihub AI

- Babobab Tech: social impact AI company
- Developed Sanihub AI as sector-owned tool built on sector-specific expertise
- Now available on Sanihub platform
- Easy resource search/ availability through AI-based tool
- Sanihub AI is only fed with high-quality resources in permission with the resource owners/ hosts

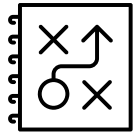

Sanihub AI Collaboration Offer:

- Keep the relevance and impact of sector experiences and resources in times of AI
- AI assistance to SuSanA library – to make the large knowledge hub more user friendly
- Sanihub will share SuSanA knowledge (possibilities for SuSanA visibility)
- Sanihub AI for SuSanA is free of cost (basic features) but based on collective commitment

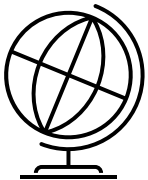

4. Updates from the Task Forces

Updates from the Task Force „By-Laws“

Updates from the Task Force „SuSanA-Strategy“

Updates from the Task Force „Post 2030 Process“
